

# OLYMPIA

**Best Destructor of CONFIDENTIAL Documents**

**310 /410 series  
New Paper Shredder**

# OLYMPIA SERIES INTELLIGENT DEPARTMENT SIZED SHREDDER

The new OLYMPIA series has two shredding sizes to choose from, 3mm in stripcut and 3x8mm in crosscut models. Shredding capacity is 15 to 21 pieces of paper at one time. Attached castor wheels allow for greater mobility. Suitable for use in offices and data processing center.

## AUTOMATIC SAFE OPERATION

Automatic start/stop functions with a unique intelligent detection system that automatically shuts down the machine in conditions of overheating, overloading, bin- full or door-opened. The design is built to last and completely safe.

## STURDY NOISELESS CUTTERS

A noise-free motor with powerful steel cutters can shred paper clips and staples easily and quietly. All cutters come with a 5-year warranty.

## ELEGANT DESIGN

A durable ABS case and wooden waste bin give the machine an attractive appearance. Complies with all major safety requirements and the quality is unsurpassed.

## UNSUPERVISED CONTINUOUS OPERATION

Computer tray inserts make for easy loading and continuous operation. An electronically guided power-off device responds when the job is done. High security and rapid shredding for a variety of documents.

## Specification
