TELECOMMUNICATIONS

Panasonic DECT Phone with SMS ■ KX-TG8100ML

Selectable "Wallpaper"

Choose from 6 attractive "Wallpaper" patterns according to your taste or room decor.

Confirm Incoming Calls Visually

LightUp Indicator on the handset flashes to indicate there is an incoming call. Convenient when waiting for a call, leaving the handset anywhere you like.

Improved Operability

GUIlike icon-based menu screen makes it easy to access different functions and settings. (LCD : English/Chinese Language Display)

KX-TGA810HM
Optional Handset
& Charger

A Variety of Features

Large, Easy-to-Read Colour Display

The handset's 80 x 102 pixel-display offers a bright, colourful icon-based menu that's easy to see and easy to use. Operation mode and current status are clearly displayed either in waiting mode or in use. The background image is selectable so you can change it to suit your preference.

Customisable Caller ID*

You can customise your Caller ID for at-a-glance identification by assigning a "category colour" from 5 different colours (blue, yellow, green, cyan and white) to be displayed on the LCD screen, as well as any of 20 pre-installed ringer sounds.

SMS: Text Messaging*

Now the convenience of sending and receiving text messages is available from a home telephone.

Ringer LED on Handset

An amber ringer LED on the top-right corner of the handset lights up to confirm incoming calls and SMS messages.

Polyphonic Ringer Melody/Tones on Handset

You can choose a high-quality ringer sound from 14 pre-set melodies and 6 ring tones.

200-Name & Number Phonebook

Up to 200 station names and numbers can be stored in the built-in phonebook for fast, easy recall.

Hands-Free Speakerphone on Handset

Just press the button for hands-free talking. You can do something else while you continue talking.

Voice Enhancer

The voice enhancer applies equalisation to enhance high and low frequencies so the other party's voice is clearer and easier to hear.
